

Frank Hawley School News – March 2014

We kicked off the year doing media rides at the NHRA Pomona and Phoenix national events! Met some terrific people, many of whom got their first exposure to drag racing taking a ride in our two-seat dragster!

What a great first class at Wild Horse Pass Motorsports Park in Phoenix, AZ! We had beautiful weather and a terrific group of students!

Next is our class following the Gatornationals here in Gainesville, FL, and then we're off to Auto Club Dragway in Fontana, CA. We'll be running our popular Super Comp and Super Gas license class on April 9-10, along with the debut of the Dragster Adventure program and the Dragster Adventure Challenge. Nice wall at Auto Club Dragway, isn't it?!

This year we'll be holding the Adventure program along with our licensing courses in St. Louis, Norwalk, Gainesville and Reading, as well as California. If your company is looking for a way to entertain, consider our Adventure program – it's a great idea for a corporate event, team building, media day or work outing!

Our new truck and trailer had a smooth first trip across the country to Phoenix and it still needs a name. Any suggestions?

There are still seats open in the SC/SG class we'll be doing in Houston on the way back to Gainesville from Fontana! This will be our only stop in Houston this year on April 16 & 17.

The month of May will take us to Gateway Motorsports Park in St. Louis, MO for the first time! May 3rd will be a Dragster Adventure with our SC/SG license course on May 5-6.

We hope to see you soon at one of our upcoming classes, whether you want to earn your license or just have fun!
